

Orbison and Friends

This power packed show stars **REG DENVER** and **ANNE DARGIE**.

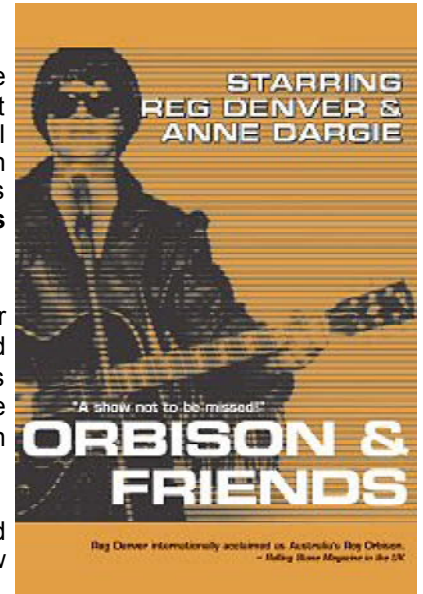

Reg Denver is a man of remarkable talents and is known internationally as the original and best impersonator of Roy Orbison. This is largely due to the fact that he is operatically trained which is a must when singing Orbison songs. Reg is well established as an entertainer and he incorporates his singing prowess with an ongoing storyline during the show which has audiences enthralled. When Reg was working in the UK during the sixties he became known and billed as **Australia's Roy Orbison** which was quickly picked up by "Rolling Stone Magazine".

Anne Dargie, Reg's wife, hails from a famous showbusiness family. Her father was the late, great, **Horrie Dargie** and her mother and aunt were the much loved **Glew Twins** on the Tivoli circuit. Anne and her sister Lynne, made up Australia's best known sister act, **The Dargie Sisters**. They toured extensively around the world and supported such names as Acker Bilke, Dick Emery, Tony Martin, John Inman and Burl Ives to name but a few.

Since the death of her beloved sister, Anne has decided to continue working and keeps the Dargie flag flying high. Anne contributed much to this fabulous show including a tribute to Ann Murray.

As the name suggests, this show doesn't limit itself to Roy Orbison - it incorporates tributes to artists such as **Neil Diamond**, **Buddy Holly**, **Gypsy Kings**, **Julio Englasius**, **Frankie Lane** and many more. The dancers are beautifully costumed and only the best Musicians will do.

The result of course is a truly magnificent and professionally run show which is not be missed.
